

Dr. Gene Cretsinger
Dr. Janet Cuhel

We very much support Representative Cindy Golding (State House District 83) in continuing her conservative and aggressive responsibilities protecting and developing Iowa educational standards, Iowa health freedoms, fair tax policies, land usage and sustainable farming methods.

Representative Golding is known and highly respected for her willingness to listen to the people she represents, her due diligence to the subject, and her voting record supporting legislation that is most valuable for Iowa citizens and the future of the Iowa culture.

Please support and vote for Representative Cindy Golding
